

# APOLLO CENTRE FOR HEALTH EASTBOURNE

Following completion of the new Princes Park Health Centre, the vacated original Health Centre was converted to create the first of a number of 'Apollo Centres for Health' planned nationwide.

Studio Four Architects were asked to prepare the design and working drawings for the centre in Eastbourne, integrating Apollo's generic ideal of a modern, aesthetic and relaxed, contemporary interior.

These centres will provide a one-stop shop where patients can receive both NHS and complementary medical care.

CLIENT: APOLLO

LOCATION: EASTBOURNE

COMPLETION: AUGUST 2002

VALUE: £900,000
